ABOUT ME

Software Engineering student with a second degree in Web Design, primarily interested in full-stack development. Currently working on converting a task manager project from frontend to full-stack. Also interested in game development and exploring the field in a learning-focused manner. Seeking an internship to gain hands-on experience and contribute to real-world projects.

EDUCATION

European University of Lefke

Software Engineering/Bachelor's

2024 - Ongoing

Atatürk University

Web Design and Coding/Associate's

2025 - Ongoing

TECHNICAL SKILLS
